

Geocaching

Welcome to our geocaching adventure, a fun way to explore and see the sights at The Sea Pines Resort. Geocaching is a GPS-guided hunt, where you'll search for 10 'caches' hidden throughout the resort. Each cache you find provides the coordinates for the next location.

It's up to you how you travel from cache to cache, whether it's by car, foot or bicycle. It should take approximately two hours to complete this geocache; however we encourage you to explore as you go and make a day of it! Just be sure to bring a camera, as you'll likely come across many photo opportunities on your journey.

The first cache takes you into the world-famous Harbour Town. To begin your quest, just enter the coordinates 32.139084, -80.810549 into your GPS and you'll be on your way. Enjoy, and we hope to see you at the finish line.

Clues to help you on your journey:

- 1. Go for a "slide" into your next coordinate.*
- 2. Stand under this popular "tree" where entertainment is a family affair.*
- 3. View the "Calibogue Sound" at the end of this iconic boardwalk*
- 4. This is the place to make a "splash."*
- 5. This old plantation shouldn't "ruin" your day.*
- 6. "Pedal" over to this place.*
- 7. The "Coast" is clear! Head to the beach and grab a bite to eat.*

Please contact The Sea Pines Resort Recreation Department at (843) 842-1979 for more information.

8. Make sure not to get lost in this "forest."

9. When visiting this "farm," enjoy a picnic on one of our tables.

10. This "center" is the place to go and get fit.
